

# Celebrating Science Month!

We know the kids love their annual LPIE Science Fair. So let's transform it and bring science into your homes for the month of March!

Parents: Sit back and enjoy... We've created a month that's fun for the kids and easy for you!

Here is a sneak peek. More information will come via email in March.

COMING  
in  
MARCH

Engaging STEM challenge activities for the kids!

Inspiring speakers who your kids won't want to miss!

AND lots of exploration to foster the love of science!

AN INTRODUCTION TO

## ROBLOX

Brian Jaquet, one of Roblox's top marketers, will share the history of the game creation platform, and Alex Balfanz, the creator of the popular game, Jailbreak, will discuss the fundamentals of computer science and coding.

MARCH  
10  
5:00pm
